101ST BATTLE ANNIVERSARY OPENS JUNE 28

Six special events are scheduled for the observance of the 101st anniversary of the Battle of Gettysburg starting June 28.

Mayor William G. Weaver, chairman of the special activities committee of the Gettysburg Fire Department, sponsors of the anniversary programs, said the series will begin at 4 o'clock on the afternoon of Sunday, June 28 with a program honoring all of the volunteer firemen who fought in the Civil War. The service, sponsored by the Pennsylvania Firemen's Association, will be held at the 72nd Pennsylvania monument in The Angle on the Battlefield. Speakers will be from the Pennsylvania Firemen's Association. Special music will be provided by the Gettysburg Civic Chorus. The Bonneauville Catholic War Veterans will fire the salute. Edward Hughes will sound taps.

Sunday evening, June 28, at 7 o'clock the annual memorial service will be held by the Gettysburg firemen at the Gettysburg High School football field. Mayor Theodore R. McKeldin of Baltimore, will be the speaker. The Marine Corps School Band of Quantico, Va., will provide the music.

PARADE JULY 2

July 1 at 6 o'clock in the evening a program honoring the men who fought in the first day of the battle here will be held at the High Water Mark. July 2 at 4 p.m. a program on E. Cemetery Hill will honor the units which attacked that hill and those who repulsed them. July 3 at 6 p.m. at the North Carolina monument Pickett's Charge will be marked. Speakers for the programs will be National Park historians Dr. Frederick Tilberg, Dr. Harry Pfanz and Martin Conway. The salute will be fired at each service by the Gettysburg Junior Fire Department firing squad.

Thursday, July 2, the annual parade will be held at 7 o'clock in the evening with more than 35 units scheduled to take part.

Throughout the week, June 29 to July 4 the annual firemen's festival will be held at Recreation Park, with special fireworks each evening. Entertainment at the festival will be provided by high school bands.

LOCAL PASTOR WILL ATTEND NEB. MEETING

The Church of the Brethren at its annual conference June 23-28 will take a fresh look at the church's position on family and individual concerns. Included will be consideration of the moral and practical aspects of family planning, a review of the denomination's stand against the marriage of divorced persons and the formulation of guidelines for the making of personal, ethical choices.

An estimated 7,000 persons, more than 1,000 of them delegates from districts and local churches in this country and overseas, will participate in the assembly to be held in Lincoln, Neb. The Rev. and Mrs. Merlin G. Shull will serve as delegates from the local Church of the Brethren.

A study report to come before the delegates cites the population explosion as possibly the greatest danger mankind faces next to nuclear war. The study endorses family planning and observes that of the methods of planned parenthood, there is no moral superiority of one approach over another "as long as the motives of the husband and wife are in keeping with Christian moral standards."

MANY CURRENT TOPICS

For the second consecutive year, the Brethren body will weigh a proposal approving the marriage of divorced persons under certain circumstances, thus reversing a stand taken 30 years ago. Behind the shift is the need for the church to expand its ministry.

Recently one of his stories appeared in Sports Illustrated and another story by Gilbert is scheduled to appear in the near future in the Saturday Evening Post.

ALL ARE PRESENT

All 100 senators were on hand, including Sen. Clair Engle, D-Calif., recuperating from two brain operations, who was rolled up the aisle in a wheel chair.

The roll call moved swiftly and at 7:50 p.m. it was over. The bill had passed. The gallery broke into applause.

JOHNSON HAPPY

In San Francisco, Johnson applauded the action, declaring: "Senate passage of the rights bill is a major step toward equal opportunities for all Americans. I congratulate senators of both parties who worked to make passage possible."

FROM THE SOUTH, HOWEVER,

came predictions of disaster from some Dixie governors. Alabama's George C. Wallace predicted the American people "will remove from office those responsible."

Spectators jammed the visitors gallery and overflowed into a line that trailed under the pillars and down the broad Senate steps.

2,000 KIDDIES TAKE PART IN REC PROGRAMS

More special events are scheduled for next week at the various play areas under the supervision of the Recreation Department.

During the past week more than 2,000 children took part in the organized programs while the overall attendance, including evenings, was over 3,000.

30 Tour Trailers Here For Weekend

A contingent of 30 Wally Byam Trailer Tour trailers is scheduled to arrive today to spend the week here. The trailer tourists will park their vehicles at the old county home while sight seeing in the area.

The 30 today and Sunday will be in a sense the vanguard for 300 trailers coming here July 15 to 18 under the Wally Byam auspices.

The Wally Byam tours have been held for years, with the tourists all traveling in similar trailers, and tours have gone into Mexico and South America. Frequently the tours have been televised. This year marks the first that the Wally Byam Trailer tours have come to Gettysburg. Both trailers will park on county land near the old county home. The commissioners have given permission for the trailers to connect to sewer and water facilities at the old county home.

Only Auburn Speedster In U.S.

Antique car enthusiasts saw the only 1931 Auburn Speedster in the U.S. today in the Antique Automobile Show here. Owned by Harold Houser, Somerville, N.J., the classic car is one of three in the world, only one other of which is operable. Houser purchased the Auburn three years ago from its second owner who had it stored for many years. He drives at a top speed of 45 miles per hour, although, he says, "it was built to go 120 miles an hour."

Oldsters Are Thrilled Over Antique Cars

They won't set any speed records but they surely could raise Cain on a busy city street.

The more than 500 antique cars in Gettysburg today for the National Antique Automobile show will give the oldsters a thrill they haven't had since they cruised down the avenue in a 1902 Holman Auto-Buggy with its tiller-bar and rubber-tired high wheels. It was the smartest vehicle of its day and is one of the curios of the 1900's.

Other models that have stirred the memories of many people inspecting the exhibit in the field near the Gettysburg College tennis courts include a 1903 White Steamer and a 1907 Stanley Steamer, built like a miniature river boat.

BRING TWO OLDS

Mr. and Mrs. Ray Henry brought their two Oldsmobile roadsters all the way from Columbus, O., and entered the field separately. Mrs. Henry as confident as a Barney Oldfield, behind the wheel of her Merry Olds.

Elliot Ness would look for battle scars on the 1929 Packard limousine with its glass curtains and a second windshield to protect the rear seat passengers from flying debris as the 16-cylinder auto sped along at 110 miles an hour. And it's been a long time since most of folks saw a 1925 Chevrolet roadster, the greatest thing that happened in young romantic lives.

Shined within an ounce of their lives, most of the older cars are equipped with custom-made 36x4 1/2 Firestone tires manufactured from an old mold the company retrieved a number of years ago when the antique car craze started to sweep the country.

Sen. Kennedy Suffers Broken Back In Airplane Crash; Pilot, Aide Die

By ROBERT P. SALMON
NORTHAMPTON, Mass. (AP)—A doctor said today Sen. Edward M. Kennedy, D-Mass., younger brother of the late President John F. Kennedy, suffered a broken back in the crash of a private plane Friday night. The crash claimed two lives.

Dr. Thomas F. Corriden, who supervised the immediate treatment of Kennedy at Cooley-Dickinson Hospital, said he saw "several fractured vertebrae" in X rays taken of the 32-year-old senator's back.

SERIOUSLY INJURED
Corriden said Kennedy, "He's very seriously injured."

Less seriously injured in the crash was Sen. Birch Bayh, D-Ind., and his wife. Both were reported in good condition today.

An administrative aide to Kennedy, Edward Moss, 41, of Andover, died today in the hospital. The pilot was killed in the crash.

Rehearsal Of Band To Be Decisive

The Blue and Gray Band of Gettysburg and vicinity will hold a rehearsal session Monday evening at the VFW Home, E. Middle St.

Edward Hughes, temporary director, and officers of the band have agreed that the turnout of members at Monday's rehearsal will be considered the deciding point as to whether the band will continue or disintegrate.

Former members having instruments belonging to the band are urged to return them to the post home. Membership in the town band is not restricted to race, sex or age. Careful supervision is maintained in order to prohibit minor-age members from the business section of the building.

ULTIMATUM TO BONNEAUVILLE ON SEWER PLAN

Bonneauville officials today were alarmed by an Associated Press story from Harrisburg which quoted Dr. Charles L. Wilbar Jr., state health secretary and chairman of the Sanitary Water Board, as announcing that if plans for sewage treatment plants in 13 communities are not completed within three months the communities face loss of public works grants from the federal government. Bonneauville was named as one of the 13.

Riley Harbaugh, chairman of the Bonneauville Municipal Authority, and Joseph Clabaugh, mayor of Bonneauville, said preliminary plans had been forwarded to the appropriate authorities on the state and federal level about a year ago seeking to learn how large a federal grant may be available in order to determine whether the community can afford to install a town-wide sewage disposal system.

Harbaugh said "about a week ago" new forms were received by him which provided for a number of changes, and he turned those papers over to the engineering firm hired by the authority, to be filled out and forwarded. Harbaugh said the new forms were designed to meet the requirements of the Appalachian aid plan if it passes Congress, which would provide larger sums of federal aid than the amount that could be secured under the original application.

Both Harbaugh and Clabaugh said they had received no notice from Dr. Wilbar concerning a "three-month" deadline.

The 12 other communities mentioned in the Harrisburg news story are scattered throughout the state.

FOUR ON FILE

Friday's filings brought to four the total number of appeals that have been placed on record against the six-district plan. Earlier in the week Straban Twp. and East Berlin borough had filed their petitions.

Reports today indicated that at least two more appeals will be on record before the deadline is reached today for the filing of petitions. The state law allows a 30-day period for the filing of appeals after the adoption of the plan by the county board. The action was taken May 21.

The six-district county plan, with all appeals attached will be forwarded to Harrisburg July 1.

Final decision on the ultimate form for the county's plan of school reorganization will be made at Harrisburg. Whatever the plan, it would go into effect by July 1, 1965, and must go into force not later than July 1, 1966.

SEEK AIDES TO HELP STUDENTS

All local offices of the Bureau of Employment Security will cooperate in the new national program to recruit counselor aides in Pennsylvania, Jack B. Brown, executive director, bureau of employment security, announced today.

Brown said that a nationwide crash program to recruit and train counselor aides to help salvage the nation's disadvantaged youth was announced on Wednesday. Colleges, universities and the bureau will recruit qualified workers.

"This is a wonderful opportunity for those who like challenging assignments, who like to work with young people, who want a variety of new experiences, and who want to be part of a great venture in human rescue," Brown said.

SPECIAL INSTRUCTIONS

Those selected will be given special instruction in counseling, advising, and working with disadvantaged youths.

MORE APPEALS ARE FILED ON SCHOOL PLAN

Two more Adams County school districts on Friday filed appeals against the six-unit county plan of school reorganization.

One appeal was filed by Cone-wago Twp., which had announced earlier this week its preference for some type of union with the Hanover School District.

The other was filed by the Mt. Pleasant Twp. School District over the signatures of its president, Fred H. Hartlaub, and its secretary, James W. Reichart.

HARTLAUB ON PETITION

Hartlaub will become a member of the Adams County Board of School Directors next month when he will succeed Earl B. Hartzell, Fairfield. Mr. Hartzell was one of three members of the present county board who voted for a six-unit district.

In its petition, Mt. Pleasant is asking for the disapproval of the six-unit plan and the adoption, instead, of a single school district plan for the entire county.

The Mt. Pleasant Twp. petition lists eight reasons for its objections to the six-unit plan and its preference for a single unit. Reasons include the fact that no district among the six would have as many as 4,000 pupils, the goal set by the state in its school reorganization law.

CITE MANY REASONS

The petition continues: "The adopted county plan does not create the possibility that transportation of pupils may be considered from the standpoint of pupil welfare, distance, duplication of service, travel conditions, undue cost and a minimum of time in transit."

It is further claimed in the petition that the adopted plan hinders the development of attendance areas that would permit pupils to attend schools nearest them; that inconsistencies in school tax rates within Bonneauville and several townships would not be eliminated under the six-unit plan; that the greatest degree of economy and efficiency will not be possible under the approved county plan; that the potential for curriculum development would be limited as well as the best use of professional personnel and the potential development of a "thorough and efficient system of public schools" in the county would be retarded.

The Conewago Twp. petition, for a number of reasons announced earlier, asks that the county plan be modified to exclude Conewago Twp. entirely and that Conewago Twp. be joined with Hanover borough school district as one administrative unit.

SHOWERS NOT EXPECTED TO REDUCE HEAT

By THE ASSOCIATED PRESS

Late spring storms continued at a lessened tempo today across a broad band of the nation's midsection.

More gentle rains today from the upper Plains to the mid-Atlantic Coast were the end of powerful thunderstorms which lashed a broad area of the Midwest late Friday night and early today.

Winds up to 96 miles an hour hit Omaha early today, coming after floods last Tuesday.

A tornado apparently struck Madison, Neb., the Weather Bureau said. It blew a barn apart and knocked a power pole down.

REPORTS HAIL

Burlington, Iowa, reported a half-inch of hail in 15 minutes early today. Funnel clouds were sighted in other parts of Iowa.

Mile-a-minute winds swept across parts of Iowa, Wisconsin, Illinois, Indiana, Michigan and Ohio Friday night, bringing heavy rain and hail. Homes were unroofed, trees uprooted and tender young crops damaged.

Many persons in outlying areas of Chicago were treated for cuts from flying glass.

The two hospitals in Joliet, Ill., reported treating 28 persons.

The rains generally brought little promise of cooler temperatures. Hot, sticky weather extended from the Gulf Coast to the Great Lakes and into the East. Nighttime temperatures were mostly in the 70s. More 90-degree readings were expected today with little relief over the weekend.

istry of forgiveness and reconciliation to divorced persons, the study committee observes.

On personal ethics, the law of love cannot be reduced to a code of conduct, a new report declares. The report offers, however, guidelines for making moral decisions grounded in the church's beliefs. Typical of the issues touched in the study is that of the moderate drinking of alcoholic beverages. Because of the effect of the excessive drinking of alcohol and the social pressures upon persons to drink, the study asserts that "the clearest witness the Christian can make is to refrain from the use of any alcohol at all."

Also on the conference agenda are reports of studies on the small congregation and on a new plan of organization for local churches.

Among new items of business is a query seeking an interpretation of the church's position on Bible reading in the public schools.

Among reports to be heard by the conference will be a review of the church's efforts in working toward racial justice and equality in local communities, a goal set by the 1963 delegate body.

Moderator of the conference will be the Rev. Dr. DeWitt L. Miller, pastor of the 1,271-member Church of the Brethren at Hagerstown, Md. The moderator-elect is the Rev. Dr. A. Stauffer Curry, Elgin, Ill.

EQUITY ACTION IS FILED HERE

An equity action has been started by Edward B. and Evelyne E. Sheets, trading as Eddie's Cleaners, in Littlestown and Gettysburg, against Donald Clair Arbogast, 106 E. Myrtle St., Littlestown, and Mahlon E. Feeser, 357 Lumber St., Littlestown, asking the Adams County court to keep the cleaner company's two former employees from engaging in the cleaning business within a 50-mile radius of Littlestown.

According to papers filed in the prothonotary's office by Attorney S. M. Raffensperger for the cleaners, Feeser was employed by Eddie's from August 31, 1963, and Arbogast from June, 1960 until April 11 when both resigned.

The equity action claims the two began a cleaning business in competition to Eddie's Cleaners in violation of agreements they are said to have signed when they became employees not to engage in the cleaning business within 50 miles of the "intersection of the two main streets in Littlestown" if they terminated their employment.

The equity action also states that the two contracts were improperly signed, because names appeared on the wrong lines, and asks the court to reform the contracts to what was intended at the time of signing.

The action asks an injunction against Arbogast and Feeser preventing them from engaging in the cleaning business in the area until April 11, 1966.

GIVE TIPS ON HOW TO AVERT BURGLARIES

Chief of Police Jack Bartlett said today that Mayor William G. Weaver, in cooperation with the Pennsylvania Chiefs of Police Association in a state-wide program, has proclaimed next week as Burglary Prevention Week in Gettysburg.

Chief Bartlett said: "This is not intended to indicate that we are interested in preventing burglaries only one week in the year. Law enforcement agencies throughout the country have designated this week to emphasize the seriousness of the crime of burglary and how the public can help by observing some simple means of keeping burglars out of their homes during the vacation months ahead."

Burglaries, he continued, occur with much greater frequency than other crimes, one every 35 seconds, day and night, throughout the year and account for 44 per cent of the total major crimes in the country. During 1963 there were an estimated 900,000 burglaries in the U.S. and the total loss from those burglaries was close to \$200 million.

GIVE SUGGESTIONS

Here are some suggestions the police department recommends home owners take before leaving during the vacation months ahead: Use good locks. Don't rely on cheap door locks to protect your home and valuables. Pin tumbler cylinder locks or locks with a dead-bolt mechanism are most effective.

Have one or two lamps burning during the evening hours. This can be easily done by using an automatic timer on lamps or making arrangements with a neighbor to turn them on and off each evening. Lights burning all night or day and night fool no one.

Be sure to discontinue deliveries during your absence. A call to the dairy is safer than a note left for the milkman. The post office will hold your mail, too. Have your newspaper forwarded to your vacation spot.

Tell one neighbor you are leaving, ask him if he'll look after things for you in your absence—sweeping up, cutting the lawn, picking up circulars, etc.

Use safety latches on all windows. They'll allow the windows to be opened far enough for proper ventilation, but not enough for someone to enter.

Notify the police department when you're leaving, where you can be reached in an emergency and when you expect to return.

STU MILLER SAVES 2 MORE FOR ORIOLES

By MIKE RATHET
Stu (The Junk Man) Miller has been out collecting again. Stung by the Red Sox, he salvaged two more games for Baltimore, preserving 2-1 and 6-5 triumphs over the Red Sox that boosted the Orioles back into first place in the American League.

Baltimore now has been involved in 20 one-run ball games and won 18—an astonishing .900 record in the squeakers. And, at the tail-end of most of them, Miller has lumbered out of the bullpen with his assortment of easy-looking, impossible-to-hit pitches.

SAVES 11 GAMES

He made his 25th and 26th appearances of the season against the Red Sox and when the night was over, he had been involved in his 14th and 15th one-run games. The Orioles have won 13 of those and Miller has officially been credited with 11 saves.

A 36-year-old right-hander who set a league record by appearing in 71 games last season, Miller has an over-all earned run average of 1.54 this year. In those 15 squeakers, however, he has been somewhat stingier, allowing just one run.

STOCK WINS 4TH

While Miller was adding to his collection, former Baltimore reliever Wes Stock added to his amazing record, posting his 11th victory without a loss since July 12, 1962.

Acquired by Kansas City in a deal for catcher Charley Lau last Sunday, Stock stroked his first major league hit in a career that started in 1961 and received credit for a 5-4 victory over Washington. It was the A's seventh victory in nine games under new Manager Mel McGaha.

Elsewhere in the AL, Harmon Killebrew's 21st homer was one of four hit by the Minnesota Twins in a 7-6 victory over Detroit and Bobby Knoop singled in the winning run in the Los Angeles Angels' 2-1 triumph over Cleveland.

YANKS RAINED OUT

The New York Yankees and Chicago were rained out with the second-place White Sox dropping one game behind the Orioles.

SCORE IN FIRST

The Orioles scored both their runs in the opener following an error by Ed Bressoud in the sixth. John Orsino's sacrifice fly and Boog Powell's single brought the runs in. Miller saved this one for Robin Roberts, 5-4.

Dick Brown supplied the fire-power in the nightcap, hitting a two-run homer before capping a three-run, sixth-inning uprising with a run-scoring single. Miller saved this one for Chuck Estrada, 2-1. Dick Stuart and Tony Conigliaro homered for the Red Sox.

Rocky Colavito did most of the damage for the A's. In the top of the sixth, he threw Washington's Mike Brunley out at home plate, then came up with Kansas City trailing 3-2 in the bottom of the inning and hit a two-run homer, his 15th.

OTHERS CLOUT HOMERS

Stock wound up the three-run rally with a run-producing single, his first hit in 29 at-bats in the majors.

The Twins, who failed to hit a homer in losing a doubleheader at Cleveland Wednesday, brought their total to 96 in 62 games with Killebrew, Bob Allison, Tony Oliva and Zoilo Versalles connecting.

Gerry Arrigo got the victory in relief, bringing his record to 4-1 despite being tagged for a homer by Bill Freehan.

Bob Rodgers' triple and a single by Bobby Knoop produced the tie-breaking run for the Angels in the eighth inning, gave Bob Duhla the victory and handed the defeat to Dick Donovan.

The Angels scored in the first when Len Green singled, stole second and scored on Willie Smith's single. Larry Brown's fifth-inning homer gave the Indians a tie.

Gettysburg Little League

The Lions copped their third straight win and moved into third place in the league standing by tripping the Elks 4-2 Friday evening in a well-played contest.

Dave James and Dave Teeter locked horns in a fine pitchers' battle. James fanned 11, walked five and allowed three hits as he won his first in two decisions. Teeter gave up seven scattered hits, walked three and struck out three. James was also the game's top hitter with two singles for three at bats.

The Lions tallied three times in the bottom of the fourth to ice the verdict. With one out, Curt Musselman walked and Jim Culp got on via an error. A double by Mike Shupe and singles by Dan O'Dell and James singled the runs.

The Elks attempted to come back in the last frame by putting men on second and third with one out, but a quick double play from Shupe to Culp following Shupe's tremendous catch ended the contest. The Elks came up with a snappy double play in the first frame which went around the bases from Gary Hubbard to Ted Maitland to Ron Cullison.

PHILS WIN 2; CARDS SPANK RUNNERS-UP

By MURRAY CHASS
Associated Press Sports Writer
Julian Javier, St. Louis' weak-hitting second baseman, is the Philadelphia Phillies' newest batting hero.

While the National League-leading Phillies were sweeping a doubleheader in New York Friday night, Javier was in St. Louis batting down second-place San Francisco 3-1 for the second straight night. The results gave the Phillies the biggest lead of the season—2 games.

Javier clouted a two-run homer in the seventh inning, breaking a 1-1 tie. The night before he drove in five runs with a homer and a double in the Cardinals' 7-6 victory over the Giants.

HELD A TIE

Before the 27-year-old Javier started his one-man attack against the Giants, they were tied with the Phillies for first.

And before that, Javier had knocked in only 23 runs and hit six homers in 58 games. Now he has 30 RBI with eight home runs and a .239 average.

Looked upon as the fourth man in the Cardinals' All-Star infield, Javier has been at least 50 per cent responsible for getting St. Louis out of its sagging slump, which consisted of a five-game losing streak and 17 losses in 23 games.

The Cardinals now are working on another streak. This one consists of four victories.

3-GAME STREAK

The Phillies have a three-game winning streak with their 2-1 and 7-2 triumphs over the Mets. Elsewhere in the NL, Cincinnati trampled Los Angeles 11-1 and Houston outlasted Milwaukee 9-7. Rain washed out Chicago at Pittsburgh.

GIBSON WINS 6TH

Javier's homer off Ron Herbel followed Bob Skinner's single. The hit helped Bob Gibson to his sixth victory against four defeats although he needed relief help from Ron Taylor in the ninth. Jim Davenport homered off Gibson in the second.

Ray Culp pitched a five-hitter and Roy Sievers drove in three runs for the Phillies in the second game. Culp, winning his third game in eight decisions, hurled his first complete game of the season.

Sievers slammed a two-run homer in the four-run fourth and a run-scoring double in the sixth. Ed Kranepool hit a two-run homer in the third for the Mets.

TWO-RUN HOMER

Johnny Callison won the opener with a two-run homer in the sixth. Art Mahaffey picked up his seventh triumph against two losses.

Johnny Edwards led the Cincinnati attack with four RBI on a double and two singles. Vada Pinson also had three hits, including a home run, while Leo Cardenas homered for the Reds.

Jim Maloney struck out 11 Dodgers and gave up five hits before leaving for a pinch hitter in the seventh.

The Colts, down 5-3, scored six runs in the eighth inning and held on against the Braves. Joe Gaines, acquired from Baltimore last Monday, ignited the outburst with a home run. Lee Maye and Frank Bolling homered for Milwaukee.

A pair of home runs in the last of the final inning gave the Exchange Club a thrilling comeback from behind 6-5 victory over the Kiwanis Club Friday evening.

The Kiwanis held a 5-2 lead going into the bottom of the seventh inning when the Exchange exploded. With two on base "Butch" Alberts cracked a home run to tie the score and then Dave Eden followed with another homer to break the tie and end the game.

The winners collected but four hits as compared to 11 for the Kiwanis. Eddie Hughes sparked the Kiwanis with a pair of doubles and two singles in as many trips to the plate. Dave Bream pounded a long driver over the fence for the Kiwanis but missed touching third base and was credited with a triple.

This afternoon at 2 o'clock the American Legion and Kiwanis were scheduled to make up a postponed game.

18TH TOURNEY OPENS TODAY

HERSHEY, Pa. (AP) — Defending champion Gene Gasper of Hershey was among 16 golfers who qualified for the championship flight of the 18th annual Pennsylvania State American Legion Golf Tournament.

The first 18 holes of championship play was scheduled to get under way today with another 18 holes scheduled for Sunday.

In the qualifying round Friday, Art Garrison, former public links champion from Palmyra, fired a two-under par 69 for medalist honors. Garrison's 18-hole total was 10 strokes better than Gasper's who had to shoot a blazing 34 on the second nine to barely qualify.

Championship flight: Guy Garrison, Palmyra, 69; Guy Ramacciotti, Hershey, 72; Norman E. Barr, Harrisburg, 74; R. F. Wickline, Monaca, 75; Tony Ortelzi, Hershey, 75; Hank Davenport, Monaca, 76; H. Ray O'Hara, Monaca, 76; Pete Gasper, Hershey, 77; Paul Hoffman, Red Lion, 77; Dominic Basti, Hershey, 77.

BOBO OLSON IS BADLY BEATEN BY YOUNGSTER

NEW YORK (AP) — Bobo Olson's face and words told the story of his decision defeat to Johnny Persol more eloquently than anything else.

His head was bowed and there were tears in his eyes as he sat on a table in his dressing room Friday night.

"I couldn't get off," he said. "I wanted to win so badly here. I trained so hard I must have left it all in the gym. I was a real sluggish. I just couldn't put those combinations together. I'd like another shot at him."

It looks like he'll get the return crack at Persol in San Francisco's Kezar Pavilion, Aug. 28. San Francisco promoter Art Benjamin got a verbal okay from both fighters and assurance of the television time from Madison Square Garden officials.

The defeat, by majority decision, was a costly loss for the 35-year-old former middleweight champion from San Francisco.

He had an unbeaten streak of eight and a victory would have tied a title fight in October with light-heavyweight champion Willie Pastrano.

FIRST SINCE KO

This was Olson's first fight in New York since he was knocked out by light-heavyweight king Archie Moore in the third round nine years ago. And, like he said, he wanted to win so very much.

Only Persol, a fast 24-year-old New Yorker with ambitions of his own, wouldn't let him get off. The broadshouldered, narrow-waisted Persol dominated the action with a stinging left jab to the head and thumping rights to the ribs and stomach.

He also scored solidly with hooks, right crosses and uppercuts.

The two judges voted for Persol. Art Adala had it 9-1 in rounds. Nick Gamboli had it 6-4. Referee Mark Conn called it a draw, giving each five rounds and five points. The fans, who had applauded the judges' cards, booed the announcement of Conn's vote. The Associated Press scorecard had it 9-1 for Persol. Most of the ringside writers had Persol a winner by top-sided margins.

Knocked out in his last start by Eddie Cotton, Persol now has a 12-1 record. He is ranked eighth. Olson, the No. 3 contender, has a 87-14-2 record. Olson had the edge in weights, 176 pounds to 174. In the betting it was an even-money affair.

Littlestown Little League

The Pirates solidified their grip on third place by putting together two three-run innings to defeat the Phillies Friday evening 6-4.

Dennis Boyd, winning pitcher, permitted the Phillies only four hits, including a pair of doubles by "Butch" Feeser. Jim Harner cracked two of the Pirates five hits secured off the offerings of Baron Sentz.

Ample Feed, Shade Vital To Keep Milk Production Up During Summer Months

By THOMAS E. PIPER
Adams County Farm Agent

Lack of feed, not heat, is the usual cause of a summer slump in dairy herd milk production.

Shade is important for dairy cows on hot summer days, but they will graze at night, if there's grass to graze. Too often the pastures are over-grazed and cows do not have time to eat enough to prevent a summer slump in milk production.

Thomas E. Piper

To overcome or prevent a summer slump provide: plenty of clean, fresh water; plenty of shade, put the cows in the barn during the heat of the day, if there's none in the pastures; salt, free choice; extra feed in the form of hay, silage, or grain and cow comfort — spray for flies.

NO EXTRA FEED

Contrary to the belief of most dairymen, grain feeding does not produce extra heat in the cow's body as compared to hay or silage when used to supplement over-grazed summer pastures.

Summer heat adversely affects the pasture grasses more than the cows, so to prevent a summer slump in production, feed the cow enough nutrients. The cow doesn't care if the nutrients come from grain, hay or silage.

Farmers who have recently planted one of the Sudan-sorghum hybrids for supplemental summer forage should use caution in grazing or green chopping this summer annual.

ACID POTENTIAL

When used for pasture, because of their relatively high prussic acid potential, the hybrids should be allowed to reach a height of at least 2½ ft. before cows are turned in. By this time plants have become coarse, selective grazing is common, and a high percentage of the total herbage may be wasted.

When chopped and fed green, chopping may be started as soon as the plants reach a height of about 2½ ft. Yields per acre

increase rapidly from this stage of heading. Both research and dairy farmer experience suggest that green feeding the hybrids after heading results in reduced dry matter intake of dairy cows and a corresponding decline in milk production.

Piper Sudan grass, usually more safe than the hybrids, can be grazed when it reaches a height of 18 in. or more. Best results are received with Sudan grass when rotation grazing is practiced and it is given a chance to recover.

CONSERVE MOISTURE

Also, in periods of extreme drought, prussic acid buildup can be noted. All farmers should exercise caution when grazing or chopping these summer annuals.

Mulching helps to conserve soil moisture, control weeds, and makes harvesting easier. If vegetable gardens are located on rolling land, mulches will reduce water run-off following heavy rains.

A wide range of organic materials are available for mulching. Rotted manure, straw, partially decomposed compost, weathered sawdust and shavings, peat moss, and ground corncobs have been used successfully. Apply most of these materials 2 inches deep. Straw should be deeper, because it settles soon after it is put on. One inch of sawdust may be enough to reduce moisture loss but more may be needed for weed control. Control of perennial grasses is difficult with any of the mulches.

LOW IN NITROGEN
Straw, shavings, sawdust, and ground corncobs are materials which are low in nitrogen. A deficiency of available nitrogen can take place as these materials decompose. To prevent this, apply a fertilizer such as 10-10-10 or equivalent, at the rate of about ½ pounds, or ammonium nitrate at three-quarters of a pound to 100 feet of row if rows are three feet apart. You may need several applications of a nitrogen fertilizer depending on the mulch and crop condition. If leaves show a yellowish green color and stems are thin, additional nitrogen may be needed. For additional information on the use of sawdust see Extension Circular 511.

Garden Soil Management.

Due to lack of adequate mulching material, most gardeners apply mulch to crops that remain in the garden most of the summer. Such crops include tomatoes, pepper, eggplants, winter squash, and lima beans. However, most crops can be mulched if adequate mulching material is available.

HAVANA (AP)—Cuba's land reform chief draws a bleak picture of farm production under the Castro regime, but he claims most pressing agricultural problems will be solved by 1966.

This will entail major changes in the organization of agriculture introduced after Fidel Castro came to power in 1959 and partial mechanization of the sugar harvest with 100 Soviet cane cutters.

COPENHAGEN, Denmark (AP)—Premier Jens Otto Krag said Friday he and Soviet Premier Khrushchev have agreed on expansion of Soviet-Danish trade, but remain divided on all main issues of international politics.

Khrushchev and Krag met for nearly two hours at the Danish Foreign Office in their second round of talks of the Soviet leader's goodwill visit.

LEOPOLDVILLE, the Congo (AP)—Albertville, capital of North Katanga on the shores of Lake Tanganyika, is believed to have fallen to antigovernment rebels, messages reaching Leopoldville said Friday.

VIENTIANE, Laos (AP)—The commander of the tiny Laotian air force said Friday his planes have flown 36 missions against the Communist Pathet Lao in the past week, strafing and bombing military concentrations and troop convoys.

Gen. Thao Ma said 22 of the air strikes were in the Plain de Jarres, two in the Ban Ban area just northeast of the plain, and 12 along the Ho Chi Minh supply line through southern Laos to South Viet Nam.

The Laotian air force has about a dozen U.S.-built T28 propeller-driven fighter-bombers.

Says Night School Built Confidence

GREENSBORO, N.C. (AP)—Doug Trent, who says night school taught him self-confidence, arrived in Greensboro Thursday after a 10-day bicycle trip from Chicago.

Trent, 17, son of Mr. and Mrs. James L. Trent of Chicago, said he averaged 80 to 90 miles a day on the 860-mile trip.

He said the night school course that impressed him the most was called the "science of success."

"I can personally say that the course I had in self-confidence has done me a lot of good," Trent said. "When I got about halfway up some of those steep hills on my bike I thought I could either get off and walk the rest of the way or say to myself 'You're going to ride all the way.' I rode."

In other action, the conference adopted a resolution dealing with Bible reading and prayers in public schools and announced several pastoral charges.

On the question of Bible reading and prayer in the public schools, the conference urged members to "avoid hasty, emotional reactions and to give careful consideration to some of the potential perils inherent in those proposed amendments" seeking to change the U.S. Constitution so that such practices would conform with the law.

PAIR SETS SAIL FOR ENGLAND IN 28-FOOT CRAFT

FORT LAUDERDALE, Fla. (AP)—A schoolmaster with no experience on the sea and a blonde woman doctor will set sail Monday in a homemade, 28-foot ketch for England and home.

"We don't anticipate it will be easy going," said Ray Wilkinson, 33.

His companion, Dr. Julia Ambler, 27, will provide some know-how. She crossed the Atlantic last February as one of two girl crew members with a party of five doctors sailing to the Bahamas in a 35-foot boat.

"She wanted to go back," Wilkinson said, "and I needed a crew. I have only limited sailing experience and none on the high seas."

Wilkinson built the ketch Odette in his spare time while serving as head master of the elementary school at Rock Sound, Eleuthera, in the Bahamas.

Asked if a romance was brewing between him and Dr. Ambler, Wilkinson replied: "No. Well, I don't know."

"We don't want to talk of romance at the moment," Dr. Ambler said.

After a four-day voyage from Nassau, the couple stopped here to buy supplies.

The first 1,200-mile leg of the trip home will take them to Bermuda. After a short rest, they will sail 2,700 miles to the Azores. There they will rest again before the 1,400-mile run to England. They expect to complete the voyage in 60 days.

German Chancellor Denies Soviet Trip

BONN, Germany (AP)—West German Chancellor Ludwig Erhard brushed aside Friday any possibility that he will soon make a trip to Moscow.

Erhard told a news conference that if Soviet Premier Nikita Khrushchev anything useful to talk about with West German officials, he can come to Bonn.

West Germany's ambassador in Moscow has told Khrushchev that whenever he wants to visit Bonn a formal invitation will be issued, Erhard said. The chancellor declined to give Khrushchev's reaction.

FREE WOMAN IN FRAUD CASE

LANCASTER (AP)—A Lancaster County Court jury has acquitted Mrs. Beatrice Diffenderfer, 40, of Lititz, Pa., of charges of being an accessory to an alleged \$297,000 embezzlement.

Herbert U. Moore, president of the Courtesy Finance Service, Inc., of Lititz, pleaded guilty to forgery and embezzlement charges at his trial in the case last month.

He was sentenced to 8 to 18 years in Lancaster County prison.

Exhibited during the defense of Mrs. Diffenderfer was a note from Moore absolving her of any connection with the embezzlement.

The couple had traveled across the country last year and were arrested upon their return to Lancaster last March. At that time, Mrs. Diffenderfer said she had no reason to suspect that any crimes had been committed.

JURY CONVICTS POLICE CHIEF

WEST CHESTER, Pa. (AP)—Maj. Thomas V. Devlin, police superintendent of Tredyffrin Township, has been convicted on three counts of malfeasance in office.

A Chester County Court jury of six men and six women Thursday convicted Devlin of "wilfully and corruptly permitting gambling and ignoring overweight charges against two truckers."

Sentencing was deferred pending appeals for a new trial.

Police Sgt. John McKeon had testified that he informed Devlin of a bookie operation, but Devlin paid no attention. McKeon said he went to state police, who raided a garage and arrested the owner on gambling charges.

Former patrolman Charles Darlington had testified that Devlin ordered him not to check the weights of several truck firms, though a routine weighing station stop had revealed two violations.

TWO ARE SLAIN BY 2 ROBBERS

PHILADELPHIA (AP)—A center city restaurant and the young wife of his partner were shot to death Friday, reportedly by two robbers they apparently surprised rifling a safe in the restaurant office.

Dead were Joseph Malito, 52, a co-owner of Dante's Bar and Restaurant, and Mrs. Judith Lopinson, 25, a painter and former art teacher in the public schools.

The woman's husband, Jack Lopinson, the other co-owner and a Democratic committeeman, was shot in the thigh.

Det. Sgt. Charles McGinley said Lopinson also said the night

KILLS TWO AND THEN SUICIDES

LOS ANGELES (AP)—Cancer-ridden Mary Dick, 69, fatally shot her daughter-in-law and granddaughter, police said, then killed herself.

Leslie Adams, 37, and Doreva Adams, 20, the granddaughter, were trying to make Mrs. Dick's last days as comfortable as possible, relatives said.

The women were sleeping Thursday when Mrs. Dick slipped into their room and shot them with a pistol, police said.

She apparently fired at another granddaughter, Loretta Adams, 19, but only wounded her in the hand, officers said. She then turned the gun on herself.

Mrs. Dick's son, Lonnie Adams, 52, said that six months ago he brought his mother from Homer, La., so the family could care for her.

"She was dying of cancer. We wanted her near us," Adams said.

FIFTH CHILD DIES OF BURNS

COLOGNE, Germany (AP)—A fifth child died of burns Friday as a result of a fanatic's flame-thrower attack on a Roman Catholic elementary school a week ago.

This brought the tragedy's overall death toll to seven.

Renate Fuehnen, 9, was the latest victim. Another, Rose Roehrig, 12, died Thursday night.

Doctors said 12 other children and a 67-year-old woman teacher remained in critical condition.

Two women teachers were speared to death by Walter Seifert, an invalid worker, in the attack on June 11. A total of 28 children suffered burns when he sprayed classrooms with his flamethrower. Seifert swallowed poison after the attack and died the same day.

"Another World" Gets Leon Janney New NBC Daytime Serial 3 p.m. Friday

Get their troubles, but it's worth it! Leon Janney, shown above with Virginia Dwyer who plays his wife, says that the new Irna Phillips series "Another World" in which he stars, faces up to life and current problems.

By RUTH E. THOMPSON

"This is making some changes in my own life . . . but I'm enjoying myself. Though I think of myself as a little haunted around the edges, I try to be an understanding husband and father, but a couple of days a week is all I can give it right now until I get things straightened out."

And there — in one capsule — is a tightly interlaced description of Leon Janney's new commitment as star of the just-launched NBC daytime serial "Another World" (Monday to Friday, 3 p.m.) and an inkling of the height and breadth of his dilemma.

STARTED AT AGE 4

Because Leon Janney, who's been in show business since he was four, became a child star at the advanced age of 13 and practically a character performer at 15 . . . doesn't fit any of the stereotypes of the under-

employed performer.

Here are some Janney for- instances:

Actors, it's said, average 16 weeks of work a year.

For the exuberant Janney, it's more like 150 weeks . . . because he's a great hand at three jobs at a time.

As we talked he grabbed a quick lunch at Sardi's before the matinee of his current Broadway success which stars Robert Preston, "Nobody Loves An Albatross."

RECORD TALKING BOOK

Sometime, much later in the day, he'd get down to the American Foundation for the Blind to record a Talking Book, then back to the theater for the evening performance. Somewhere he'd bone up on the next day's scrip for "Another World," in which he plays Jim Matthews, head of one of the two branches of the Matthews family "living in a university town."

"Another World" marks a couple of firsts for me," said the ex-child star whose blond curls receded away very early, then seemed to stay put.

"Though I played several roles per program — in one day, that is, on one radio serial, and was known as a complete dialect — TV usually has cast me only as a heavy."

SYMPATHETIC PART

"This is one of the few times I've been cast in a sympathetic part."

"But . . . and I really have to love this show . . . it's the first time I've ever signed a long-term contract. There's always so much else happening."

"Irna Phillips (the creator-writer of this and a host of earlier series) for whom I have great respect realized that until I finish in 'Nobody Loves An Albatross' I couldn't physically get over to the big Brooklyn studio. Yes, It would help me a

lot of we originated from Manhattan, because there's no working ahead. This show is live!"

He gives one of those quick joy-of-living grins. "Don't worry. There's plenty going on in 'Another World' before I get in on it full time. Lots of excellent actors, too. Who? Hard to single anybody out. There's Vera Allen of course. And Virginia Dwyer, who plays my wife. And then — well keep your eye on Liza Chapman. She plays a Matthews with love-affair problems. Very, very good."

DROP OUT TYPE

"Jim Matthews' problem? Well, just think of the trouble I'm going to have when I realize my youngest boy is a school dropout type . . . and in a university town!"

Janney, in real-life, seems to be having no trouble living up to the "understanding-husband-father" type (and no school dropout problem).

"Been married 19 years to the same wife. Get the 20th merit badge next Valentine's Day. My son, Douglas, is serious about school."

"And, thank heaven, he could not care less about acting!"

"I pity all child actors, you know," said the man who got his first big break playing Buddy Rogers as a child in "Abie's Irish Rose" but "I've really been tramping since I was two-and-a-half when my stage-struck mother bought me a tuxedo."

PLAYED WITH STONE

"I didn't really hit it in movies until it was almost too late. My last big picture was 'Father and Son' with Lewis Stone." Then his voice changed.

"I came back at 15 touring in a cynical sketch 'Such Is Fame.' I closed vaudeville houses all over the country with it. No kidding. I figure I even jinxed the Palace itself. I was on the last regular bill to play there."

"Then? Then the war. After I got out of service I settled down to learning my business of acting."

Radio dramas, he says, were a peerless school. He started as "Pepper Young's" buddy. And, oh yes, he's the guy, who portrayed the guy whose proposal "Helen Trent" accepted thus ending the durable question of whether or not "a mature woman could find lasting romance."

"DOES RELAX"

"It's doing something I like that matters to me. (Stardom itself doesn't. I've often had a lot of fun just doing voices in television commercials."

"But no matter how it sounds, I do relax. We live quietly in Teaneck, N. J. With a pool I can dive into for exercise."

There are also evenings of high-stake poker with his theater cronies. ("Sure I love it. Why not? I win a lot.")

But at this season, most of

TV PROBLEMS EASY, FAMOUS FATHER SAYS

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD (AP)—Sunday is Father's Day, and one of America's most famous fathers Fred MacMurray, has this observation:

"If only a father's problems with his children could be solved as simply and as neatly as they are in family situation comedies on television!"

Fred paused in the midst of filming his fifth year of "My Three Sons" to contemplate the differences.

"Oh, it seems like a cinch, the way the script boys work it out," he reflected. "One of my sons gets a problem and comes to me with it. I'm very sage and helpful, but of course I leave it up to him to find his own solution. And he does—all in the space of less than a half-hour."

DIFFERENT MATTER

"At home it's a different matter. I'm not all that sage and thoughtful. In fact, I get mad a lot more easily. And I don't get anything solved in half an hour, believe me."

Fred and his late first wife were parents of a daughter and son. He and June Haver, adopted twin girls, now 8. Then there is his television tribe: Tim Considine, Don Grady and Stanley Livingstone.

Fred said that being a famous father can present special difficulties.

"It's not so much a problem in Hollywood," he said, "but the kids can find it bothersome on the outside to be known as a movie star's child. My son Robby felt it at school when a lot of other boys would say, 'So you're Fred's kid, huh?' It's tough to be known all the time as Fred's kid when he wants to have an identity of his own."

"Another World"

(Continued From Page 1)

all, it's baseball. For two years he also wangled the time to do a clubhouse program before every Met's game telecast. Though that's now gone by the boards, he splits the air with shrieks and or moans between the acts at "... Albatross" or between takes on "Another World" whenever the Mets are in action. "So? I'm a living baseball encyclopedia." And "So... I like the Mets!"

Well Jim Matthews may be a little haunted around the edges. But not Leon Janney. Wherever would he find the time?

OCTOBER IMPORTANT SAYS

What with the closing days of the Presidential campaign, 15 hours of Olympic coverage from Japan, the NCAA football games, the World Series and the world's championship of basketball, October will be the most "imposing single month of live, action television ever..."

So says Julian Goodman, vice president of NBC NEWS.

The World Series alone, he adds, traditionally is one of the largest audience attractions of the year.

"GILLIGAN'S ISLAND"

CASTING COMPLETED

Casting of the regulars of "Gilligan's Island" was completed with the addition of Tina Louise says a CBS spokesman of their forthcoming half-hour comedy series.

Miss Louise will play "a glamorous movie star."

African Nations' Weight Of Numbers Could Paralyze U.N.; Challenge To West

By MICHAEL GOLDSMITH

GENEVA (AP)—The poor nations of Asia, Africa and Latin America have discovered that their sheer weight of numbers can count heavily in the councils of the world.

The discovery had its first big impact at a three-month U.N. trade conference which ended here this week without concrete achievements.

It raises a challenge to the developed countries of the West and could hamper, if not paralyze, the United Nations.

END OF AN ERA

It is a logical consequence of the end of the colonial era, a consequence that was not foreseen when 50 victor nations of World War II signed the United Nations charter in 1945. The membership has more than doubled.

The colonial peoples generally looked to independence as the beginning of prosperity and happiness. But independence has brought only greater poverty to many. Disappointment with the fruits of national liberation often has turned into resentment against the former

colonial rulers. And while the poor countries become steadily poorer, the rich countries are becoming richer.

In all Western industrial nations, responsible statesmen agree that this gap cannot be allowed to widen further without breeding revolution, anarchy and war.

POURING MONEY IN

The Western nations are pouring money, resources and technical skill into the poor countries but these contend the help is inadequate.

The Soviet Union and its friends are helping, too. Some of the Communist aid is spectacular, such as the Aswan Dam in Egypt. But altogether it amounts to a drop in a bucket compared with the aid given by the West. Soviet influence in most poor countries remains small and is fought by Red China and the West alike.

To their disappointment, the Soviets have found that many Africans and Asians regard them not as special friends or champions of liberation, but as white men.

Throughout Asia and Africa,

the Chinese Communists are calling on the nonwhite races to stick together to end the white man's economic domination.

This was one reason, apparently, why the Soviets at the Geneva conference failed to press their usual demand for the admission of Red China.

The conference originally was suggested by the Soviet Union against vigorous Western objections. When it began the Soviets encouraged the formation of a group of 75 underdeveloped nations and promised unconditional support. But in the end, the conference undoubtedly turned into a disillusionment for the Soviet Union.

FEAR STEAMROLLER

All Soviet bloc nations — even Cuba — were refused admission to the underdeveloped group which, on occasions, too ka decidedly anti-Communist line.

The emergence of the group itself as a cohesive, basically anti-Western political force nevertheless was the most significant development of the conference. Burma, Indonesia, Ghana, Guinea and Chile were its most outspoken leaders.

Western officials fear they will seek to use their newly found power from now on to steamroller their views — with Soviet support — through the United Nations and other international bodies.

ADVERTISE IN THE TIMES

SUBTLE DISTINCTION

Along with the Honorary Doctor of Letters degree conferred on newsman Chet Huntley by Franklin and Marshall College of Lancaster, Pennsylvania, was a commendation for his refusal to equate objectivity with dispassion.

SWITCHED FROM LAW

James Pritchett, who stars as Dr. Matt Powers in NBC's "The Doctors," is a member of the North Carolina Bar Association and practiced law briefly before deciding, 11 years ago, that he much preferred acting.

15TH UNDEFEATED

Whittier College became the 15th school to "retire undefeated" from the "College Bowl" since the series started in 1959.

Four other schools also went the full five-game distance this year: Temple University, Bowdoin College, University of Massachusetts, and Ohio Wesleyan.

INTERNATIONAL

Mrs. Meredith Willson, who costars on her husband's television specials, is French-Russian concert singer, Rini Zavora.

Garnish lamb chops with broiled thin slices of sweet onion; add a sprinkling of minced parsley and a slice of cherry tomato. Festive for company!
